After the grace period, i.e., after 5 minutes and 30 seconds have elapsed, one point would be deducted for every extra 10 seconds or part of 10 seconds, from every judge's score for the participant.

### **III Punjabi Presentation and Maintenance of Sikhi Saroop:**

Use of Punjabi and maintenance of Sikhi Saroop needs to be encouraged. Participants who use Punjabi and/or maintain Sikhi Saroop will be judged according to the above format. However, it is suggested that such participants be rewarded suitably.

### **IV Suggestions on preparing youth for the Sikh Youth Symposium:**

Given that the primary purpose of the Sikh Youth Symposium is for our children to focus on their learning, we would like to clarify the appropriate levels of support children should receive as they prepare for their speeches. It is our recommendation that it is in the best interest of the children to write their own speeches, with minimal support from parents or other adults.

Parents/Mentors may sit with children to read and discuss the book, as well as review the questions with them. They may write the child's responses as the child verbally answers the questions. The parents may help the children put their answers together in a speech format and further develop their thoughts, as needed.

If your child's speech is prepared in Punjabi, it must still follow the guidelines above. If it is prepared in English, it can be translated into Punjabi after it is created per the above guidelines. However, once the speech is in Punjabi, your child should understand the speech in its entirety.

*Although these are only suggestions, in order to make this experience most meaningful and equitable for all children, it is recommended that we adhere to these suggestions as closely as possible.*
